

## **2005 Winner Questar Volunteer Team**

For 20 years, Questar employees have given back to the community through the Questar Volunteer Team. This program started in 1985 with a few volunteers, and has grown to a strong group of dedicated, enthusiastic Questar employees. In 2004, the Volunteer Team logged over 7,000 hours at company sponsored volunteer opportunities, held after work hours and on weekends.

Questar employees volunteer at the Ronald McDonald House making dinner for families staying at the house once a week. They also participate in the Meals on Wheels program in Salt Lake, delivering hot meals to the elderly. The Questar Volunteer Team helps plant trees for TreeUtah, tutors local students, makes blankets for animals, and helps nonprofit organizations with their fundraisers.

Questar challenges other companies to become involved in volunteering.
